wich, Conn., has been secured to give

**Fell Down Stairs.**  
Miss Irene Kenfield, daughter of Mr.  
and Mrs. George Kenfield of Lafayette  
street, fell down the cellar stairs at  
her home recently. She sustained  
bruises and a cut on the head and  
was treated at the Backus hospital.  
She is improving satisfactorily.

**Wrecking a typewriter.**  
"We sold one of our machines to  
Mrs. Van Rensselaer for her boy," said  
the typewriter man when he had fixed  
the machine so it would write: "The  
quick brown fox jumps over the lazy  
dog," all right. He was ten years old.  
It was Christmas time. She bought  
it for one of his Christmas presents.  
It cost her a hundred dollars. Two  
days after Christmas she phoned me  
to come up and see about the ma-  
chine. I wish you could have seen it.  
The boy had taken it all to pieces. He  
hadn't left two little pieces of it to-  
gether any more. He had it in a soap  
box. It was the worst wreck of a ma-  
chine you ever saw. It took me two  
days to put it together again. I have  
great hopes for that boy."

**Machine-Cured Sleeplessness.**  
A unique machine has just been put  
on the market which claims to cure  
sleeplessness. The machine resembles  
an instrument like an electric fan, the  
wings of the fan being studded with  
small round mirrors. It is based on  
the principle that most insomniacs can  
sleep at the window of an express  
train. The sight of the landscape rush-  
ing by them invariably brings on a re-  
freshing nap. The machine with its  
whirl and glitter of revolving mirrors  
acts on the eye and brain in the same  
soothing manner and sends the patient  
off into a deep slumber.

**On Being Mean.**  
The question arises can one be  
economical without being mean? A  
man who is naturally mean will al-  
ways be economical. If a man who is  
not economical attempts to become so  
he will learn that the easiest way is  
first to learn to be mean. If he has a  
generous impulse he must curb it.  
During the first part of our lives we  
should be as mean as we can. When  
we have accumulated more than we  
need we should devote the last part  
to cultivating our generous impulses.  
No successful man is a philanthropist  
before he is 50.—Life

**COULDN'T TEAR HIMSELF AWAY.**  
Really Excellent Reason for Reportorial  
Persistence.

Once a reporter went around to a  
certain residence in New York to get  
details about the master of the house,  
who had just died, in order that an  
obituary notice might appear in the  
newspaper which he represented. Such  
details, as a rule, are easy to get, as  
few people have objections to giving  
them out for publication. The report-  
er, therefore, was intensely surprised  
when the widow of the deceased, with  
scarcely a word, slammed the door in  
his face.

She retired into the house. Presen-  
tly the doorbell rang furiously. She  
refused to stir. Again the doorbell  
rang, more furiously than before. Still  
the lady of the house would not stir.

"I had told him that I don't want  
to say anything about my husband,"  
she thought to herself, "and he has  
no right to be so persistent."

So she sat still, while the doorbell  
rang again and again and again.

At last she could stand it no longer.  
So, opening a window over the front  
door, she poked her head out and re-  
marked, severely:

"Young man, I do not desire to say  
anything to you. Kindly do not dis-  
turb me any more. Go away, young  
man."

"I can't!" roared the reporter, be-  
side himself with exasperation.  
"You've shut my coat tails in the  
door!"

old boy who was charged with having  
thrown a firecracker into the face of  
Mrs. Goodhart while she was riding

fined \$5 and costs in the city court.

was of exploding fireworks before the  
Fourth.

## COUNCIL HOLDS SHORT SESSION

**Bills of Water Board Referred to Executive Committee  
with Power—Minor Officers Elected without Oppo-  
sition—Money for Sewers Authorized—Annual Re-  
port of Chief Stanton.**

All the members of the court of  
common council were in attendance  
at the July meeting with the excep-  
tion of Alderman Whiting. Mayor  
Thayer presided at the session, which  
was held Tuesday evening, owing to  
illness of July falling on Monday, the  
regular night. The session opened at  
8.20 o'clock and the reading of the  
journal was omitted by unanimous  
consent.

The report of the street commis-  
sioner for the month of June showed  
the expenditure of \$2,450.74, of which  
\$98.71 were for macadam repairs,  
\$263.82 for surface repairs, \$347.61 for  
sweeping the streets, and \$641.44 for  
parks and trees. The report was ap-  
proved.

The quarterly report of the chief  
of police was accepted. It showed 281  
arrests. The quarterly report of the  
fire marshal was accepted, showing  
18 permits granted, seven being for  
small buildings, one for a brick build-  
ing and one for a cement building.  
While alterations were allowed in two  
brick buildings and seven frame build-  
ings.

The executive committee, through  
Mayor Thayer reported that the chair-  
man of the fire commissioners had  
presented a report. The committee  
chief and recommended its approval.  
This was done and it was ordered  
printed in the appendix of the journal  
and 500 copies printed for distribu-  
tion.

**Chief Stanton's Report.**  
Chief H. L. Stanton in his ninth  
annual report, which was read by the  
department, fire marshal and superin-  
tendent of the fire alarm telegraph, re-  
ported 154 alarms during the past year,  
134 alarms by telephone, 20 by alarm  
bells, 33 or 22 more than a year ago.  
Five calls came from without the  
city for fire city alarm, 29 calls from  
mill in Boxville, Davley's sawmill at  
Port Point, 39 Bentley avenue in the  
town, Glen Woolen mill, Norwich  
town, the largest loss was at the  
Max Gordon Co. storehouse March 13,  
1910, where the loss was \$5,000, most-  
ly by the stock stored there.

There are now 22 men in the de-  
partment, while the last force num-  
bered 24. The department has a total  
of 88. There are six stations and  
all are in good repair except that in  
West Main street. The only addi-  
tion to the department was a new  
deluge set for No. 3 company and a  
new 25-foot ladders and a new  
wire cut for No. 1. There are  
14 horses. Several new hydrants  
have been placed, some with engine  
connections, making 450 in the city.  
The fire alarm telegraph is being re-  
fitted and new first class shapes.

Three new boxes were added to the  
telegraph system this year, one pub-  
lic and two private. It is hoped that  
the time is not far distant when the  
there being no loss over insurance,  
ground in the fact that has been given  
by the telephone company for city  
wires.

The inventory of the department is  
\$155,000. During the year 48 build-  
ing permits were granted, which is  
the smallest number in ten years. The  
department has 10,750 feet of hose,  
4,500 feet of ladder, and 2,900 feet  
of fair, while 3,355 feet are poor.

There were 48 fires in chimneys, this  
being the largest number from any  
one cause. There were 17 brush fires,  
7 burning grass, while the causes of  
eight were unknown.

During the year there were 23,450  
feet of hose, 14 2 1/2 inch hoses, 771  
gallons of chemical used and in re-  
sponse to alarms 14 2 1/2 inch hoses  
traveled and the men were in service  
fighting fires 201 hours.

The fire loss during the year was  
\$5,162.22. The value of buildings at risk  
being \$221,050, and contents \$235,852.19.  
The total insurance coverage was  
\$3,515,550. The total insurance loss  
being \$2,032.14, there being no loss over insurance.

Recommendations.  
The state fire marshal's report of the  
association were drawn by P. C. Mc-  
Cone \$12, Mortimer Latimer \$14, C. H.  
Culver \$66.

Another engine should be purchased  
and located on the West Side, prefer-  
ably at Thamesville. Should an acci-  
dent occur to either of the engines in

**Water Department Bills.**  
Alfred S. Constock of the board of  
water commissioners asked the privi-  
lege of addressing the council, which  
was granted, and he stated that it  
was the custom of the board to hold  
meetings on the Friday nights before  
the council meetings that bills and  
other matters to come before the  
council may be ready to be presented.  
Last Friday night, for want of a  
quorum no meeting was held and the  
bills were not approved. He stated  
that he had the bills, which are all  
right, and should be paid, and they  
have been approved by two of the  
members and Mr. Ryan was to ap-  
prove them Tuesday afternoon, but  
was unable to because of sickness. He  
stated that he would like to present  
them and hoped that the council would  
decide to approve them.

Councilman Lang moved that they  
be referred to the executive committee,  
which was carried, but on the suggestion  
of Councilman Geer he changed the mo-  
tion that it be with power that the  
bills could be acted on and approved  
instead of waiting thirty days for  
payment.

The bills of the gas and electric de-  
partment were approved amounting to  
\$17,742.88. There were approved and  
ordered paid: Public works depart-  
ment \$4,058.22; cemeteries \$76.22;  
No. 2, \$2,012.54; street lighting \$1,264.68;  
park \$200.53; fire \$3,225.78.

This concluded the business of the  
meeting and adjournment was taken  
at 8.45 o'clock.

**Next Convention Will  
Be Held in Norwich.**

Four Day Session Opening July 1—  
Delegates Return from Worcester.

Four delegates from the Norwich  
Polish Turn society returned on  
Tuesday from Webster, where the New  
England societies held a convention  
on the Fourth of July. The convention  
was held at the Hotel, among the  
Norwich representatives were Thomas  
Kapturkiewicz, Thomas Misp, Albin  
Serp and O. Lendiewicz. The con-  
vention voted to meet in this city next  
year, and will hold a four-day session,  
Saturday, Sunday, Monday and Tues-  
day, beginning July 1. The delegates  
celebrated the 50th anniversary of  
the battle of Grunwald, July 15,  
1410, when the Polish soldiers won a  
victory over the Prussians, 60-  
600 people being slain on the battlefield  
and 25,000 taken prisoners.

In the convention at Webster the  
Meriden society won a silver bowl.  
A silver medal for shooting was  
won by Mr. Adamski, a Polish  
teacher at Central Falls. High mass  
was celebrated by Rev. Father Cyran  
and there were addresses by Father  
Cyran, Father Zwizkowski of Cam-  
bridge, Mass., and others. The con-  
ference closed with a dance.

**10TH WEDDING ANNIVERSARY.**  
Mr. and Mrs. Calvin Rawson Ent-  
ertained Relatives on the Occasion.

On Monday, June 27, the 10th wed-  
ding anniversary of the Quail Trap folk  
was observed, says the Woodstock  
Courier, near Woodstock, Conn.,  
Southbridge, Providence, Boston, Cen-  
tral Village, Long Island and Putnam  
celebrating in a modest way. A mar-  
riage salute of ten guns was fired and  
twin rockets soared aloft to show that  
the hopes of the couple were still sky-  
ward. Patriotic and red seal grand  
opera records were played on the new  
Victrola, and there were jolly tourna-  
ments held in the billiard room and  
the tennis and croquet courts. Though  
the host practices all the time, he can  
be beaten at pool by any lady  
who knows how to push a cue.  
There was quite a large shower and  
among the gifts were two sets of gold  
beads and money in gold, silver and

celebration was paid for by the

**Divorce is Denied**  
MRS. FREELove MILLER.

Allegation Not Proved by a Fair Pre-  
ponderance of the Evidence.

Judge Gardiner Greene filed his  
memorandum of decision in the con-  
tested divorce case of Freeloove A.  
Miller vs. Everett O. Miller, on Tues-  
day with the clerk of the superior  
court in which he denies the petition  
for the divorce. The trial of this case  
occupied a number of days and at-  
tracted much attention by the testi-  
mony introduced. Not only for a di-  
vorce, custody of two minor children  
but also for alimony was Mrs. Miller  
seeking and by order of the court she  
was allowed \$50 a month during the  
time the case was in court. Attorney  
Browning on Tuesday stated that he  
was unable to say then whether an  
appeal would be taken or not.

The memorandum of decision is as  
follows:

This is an action claiming a divorce  
the custody of two minor children and  
alimony. The only ground on which  
the divorce is claimed is the alleged  
intolerable cruelty of the defendant  
to the plaintiff between January first,  
1904, and May 25, 1909.

I find that the plaintiff has not  
proved by a fair preponderance of  
all the evidence in the case relative  
to the question, the intolerable cruelty  
which she alleges, and therefore find  
that issue in favor of the defendant.  
The complaint is dismissed.

**A Familiar Experience.**  
Some years ago a well-known Hart-  
ford citizen, since deceased, called at  
the editorial rooms of The Courant  
one morning hot with indignation. He  
was thoroughly angry at the appear-  
ance of a paragraph in the city news  
of the day concerning the sale of his  
business. He declared that it had no  
foundation, was without a word of  
truth, a lie from beginning to end,  
and "that's not the worst of it," he  
said, "for it's a gross violation of con-  
science. Only three men knew of the  
deal any way, and it will be easy for  
me to find out which of them has told  
your reporter."—Hartford Courant.

"I am afraid some crackers are in-  
jurious to children," said the fastid-  
ious matron. "Have you any safe  
crackers?" "Madam," said the clerk,  
solemnly, "this is a grocery store. The  
state prison is ten blocks down."—

## Food Fermenting Causes Indigestion

"I got a box of M-I-o-na tablets for a  
distress in my stomach, and the first  
dose relieved me, and after I took the  
fourth I have not felt any more of it.  
I think it is a wonderful medicine."

'09.

If your stomach is out of order or  
distressed, no matter from what cause,  
M-I-o-na stomach tablets will give in-  
stant relief, and if taken regularly,  
will cure indigestion, acute or chronic,  
or money back.

Every sufferer from stomach trouble,  
gas, belching, sour stomach, nervous-  
ness, dizziness, and biliousness, should  
get a fifty cent box of M-I-o-na stomach  
tablets today and start a treatment.

In three days' time the stomach and  
bowels will be thoroughly purified,  
cleaned and renovated, the poisons  
will go, and pure, sweet breath will  
take the place of foul breath.

Continue the treatment for two weeks  
and the stomach will become so strong  
that it will be able to digest the hearti-  
est meal without distress. A few  
M-I-o-na tablets will do this. Sold by
